The dynamic hotel commission tiers will be identified by the number of bars

	Hotels : Premium Plus	13%
	Hotels : Premium	11%

Commission tiers are **dynamic**. They may change during the booking process upon availability and may be different upon the room type you are going to select. Always double check carefully the icon and commission tier on the final page (= payment page) as this one will be the final applicable commission.

The screenshot displays the Expedia TAAP interface. On the left, there are search filters for 'Hotel Commission Tier' (Basic, BasicPlus, Premium, PremiumPlus) and 'Hotel Payment Options' (Pay With Expedia, Pay At Hotel). A callout box points to these filters with the text: "Use the commission filters!".

The main area shows a search result for a property in Honolulu with a "11% Premium Commission Tier*" badge. A callout box points to this badge: "Click on the icon to know the highest commission tier available at this property." Below this, the "Choose your room" section is visible, showing room types and their associated commission tiers. A callout box points to this section: "On the room type selection page available hotel commission tiers will be presented." At the bottom, a summary box states: "Your estimated TAAP Commission is: \$141.33*".
